Austin Jarchow, PGA 1st Assistant Professional

Austin has been working as a Golf Professional in the Kansas City since the summer of 2012, most recently working as a golf and fitness instruction at multiple facilities in the area. Before turning professional, he had a stand out career at Lee's Summit West High School that lead him to the University of Central Missouri. While there, he played on the golf team and studied in the Kinesiology department allowing him to understand more about the body and how it functions. As a self diagnosed life-long learner, he continues to accrue information to increase his understanding of the golf swing and fitness bio-mechanics and the functions that go and in hand between the two. Austin was elected to PGA Membership in January of 2018. In his spare time, Austin enjoys playing golf, watching a movie or documentary, finding live music and hiking. He has two dogs, Romeo and Cruz, who are spoiled as any deserving children would be.
