

CREEKMOOR

Golf Cart/Handicap Flag Policy

- **Members requesting handicap access privileges will need to provide written verification of the condition requiring such access from a medical provider to be kept on file in the Golf Shop. Written verification must valid and updated yearly.**
- **Two players (when possible) in the same group requiring handicap access must share the handicap flagged cart. Flags must be returned after your round.**
- **We ask that players using the handicap access behave as if they do not have one whenever possible. For example – if your ball lies in a position close to the cart path where walking to and from would not cause hardship, we ask that you please walk to your ball.**
- **Carts should enter the fairway at 90 degrees from the cart path where the ball lies. If your ball is near the green, please return to the cart path at 90 degrees and remain on the path for the remainder of the hole. Use the rough only to enter and exit and avoid all traffic patterns (rough or fairway) to reduce excess wear on the turf.**
- **Normal cart path rules on par threes and #11 still apply.**
- **Handicap flags will not be allowed when weather/course conditions prohibit their use.**

THIS POLICY IS INTENDED FOR THOSE PEOPLE WHO ARE TRULY IMPACTED BY THE CART PATH ONLY STATUS.

YOU ARE AGREEING TO THESE TERMS WHEN USING A FLAG. THIS POLICY IS SUBJECT TO REVIEW OR REVERSAL IF ABUSED OR IF THE COURSE DOES NOT TOLERATE THE CART TRAFFIC.
